

150

COSMY, FEATHER WEIGHT!

Light, Powerful, Customisable

COSMY the Bot weighs **less than 13 lbs**, half the weight of other pool cleaning robots on the market!

Beautiful revolution!

COSMY THE BOT, ULTRA-CLEAN STYLE

Cosmy opens the path to a whole new world, where efficiency meets style and elegance, where size gives way to precision and intelligence.

Responsive and intuitive

Cosmy the Bot 150 is intuitive and easy to use. At the touch of a button it gets to work. Ergonomic and clever, just as you like it.

Beautifully made and elegant

Although Cosmy the Bot 150 is very small, its ultra-modern design allows it to clean faster and more efficiently while consuming less energy. Cosmy the Bot: super cute, but high performance!

Practical and cleverly designed

Cosmy is simple, clean and pleasant to use. An indicator light warns you when the filter is full and needs to be emptied. At the touch of a button, the filter is freed and can be pulled out from above and cleaned, all without getting your hands dirty. Well done Cosmy!

Powerful filtration

When it comes to suction, Cosmy the Bot 150 is one of the most powerful robotic cleaners on the market. Suction can be increased up to twofold on demand; simply adjust the height of the intake valves to modify the strength of the vacuum. This means that you can adapt the suction power according to the type of debris to be picked up, down to the tiniest grains of sand.

Feather weight!

Cosmy the Bot 150 is half as heavy as most conventional robotic cleaners. Its rapid drain system makes it wonderfully easy to remove from the pool; good news for your back!

Impeccably clean pool floors

Cosmy the Bot 150 travels easily over every pool floor and every type of waterproofing finish. It moves nimbly and adapts to any configuration. Its optimised cleaning path ensures an impeccable result, whatever the shape of the pool

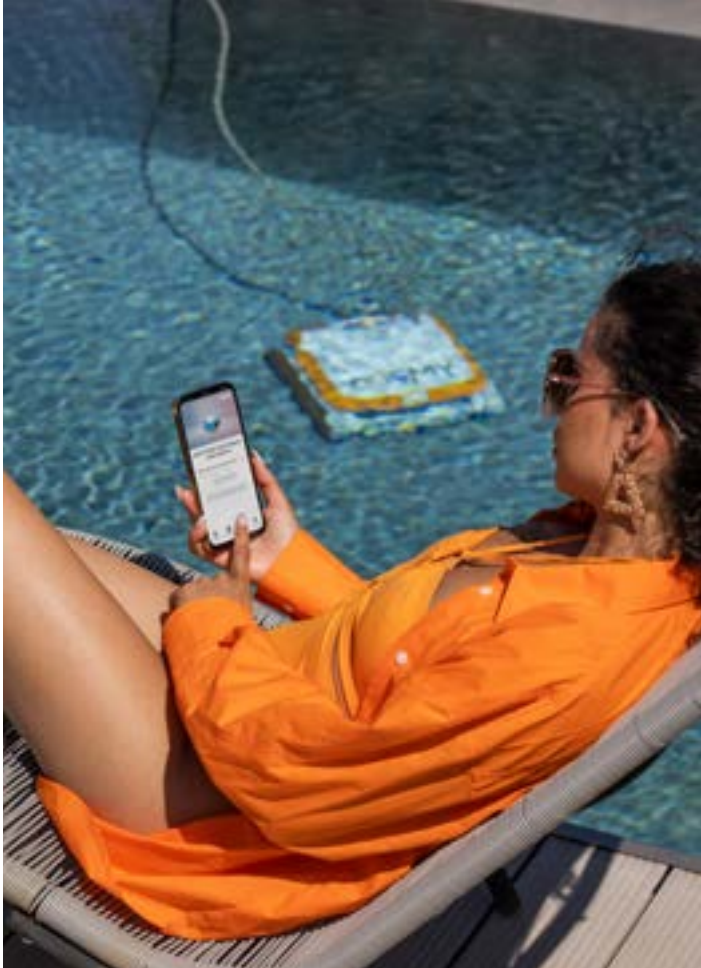

EXPRESS YOURSELF

Cosmy is fully customisable: with 8 colours to choose from, its cover and sides can be customised in moments.

On a whim, you can coordinate your robotic cleaner with the colour scheme of your pool, parasols and sunbeds.

You prefer to match it to your bathing suit or the colour of your liner?

That works too!

A REVOLUTION?

*Yes, and
a beautiful one too!*

YOU LIKE TO CHANGE YOUR OUTFIT? **COSMY DOES TOO!**

Blue? Pink? Green? Purple? With Cosmy, you don't have to choose one colour, there are eight to choose from and you can swap them out as often as you wish to match your mood, or even the decor.

*Freedom to change
Freedom to create!*

A WHOLE LOT OF TECHNOLOGY PACKED INTO LESS THAN 13 LBS

PLANETARY GEAR TECHNOLOGY

Cosmy robots are equipped with two stage planetary gear technology, a drive system that offers greater efficiency and better precision; combined with two drive motors and a powerful pump, Cosmy is one of the most reliable robotic cleaners on the market.

This system is the ideal solution for fast, optimised travel, unmatched cleaning and unrivalled reliability.

ENERGY EFFICIENT

With their rapid and logical travel mode and powerful suction, Cosmy robotic cleaners work fast. Cleaning cycles are short, consume less energy, and yield a flawless result.
